On Campus Interviews

Recruiting through on-campus interviews is an excellent way to connect with talented students and enhance your organization's on-campus brand. Most on-campus interviews are held in the Career Center's satellite office. The Career Center staff are happy to discuss on-campus interview processes with you and schedule a visit to Missouri State University.

Conducting on-campus interviews is free but employers must have an approved **Handshake Employer Account** and positions posted must adhere to and meet the <u>Missouri State University Employer Policies</u> and <u>Principles for Employment Professionals</u> to be scheduled.

On-Campus Interviewing Accommodations

- Private interview room(s) in Glass Hall or specific academic building conference room(s)
- Complimentary light snacks and beverages
- Reception desk and waiting area for students
- Staff members in proximity for support
- Access to Wi-Fi so you can work in between interviews

On-Campus Interviewing Schedule Options

- A **Pre-Select Schedule** is the most frequently used interview schedule. Employers set candidate screening criteria, review resumes, and select candidates to interview after the application deadline.
- **Open Schedule** allows any qualified student to sign up for an interview time; there is no selection process on the employer's part.
- A **Room Only Schedule** is for employers who wish to schedule interviews directly with candidates. Many employers with a shorter recruiting timeline have used this option. Room only schedules must still be requested through Handshake.

Scheduling On Campus Interviews

On-campus interviews need to be reserved at least three weeks prior to the scheduled interview date. Most on-campus recritument occurs from September through November, and February through April.

Employer must:
- Have an **approved** Handshake Employer account connected to Missouri State University
- Have job(s) or internship(s) posted in Handshake (see our <u>Handshake instructions</u> for creating an account and <u>posting a position</u>)
